"Ticketed" Price (sometimes abbreviated as "Tktd" or "Mfr Tktd"): A Ticketed Price can be a price the manufacturer suggests for an item, upon which Bosco's may offer a discount. It is our good faith belief that the Ticketed Price is regularly charged by principal retail outlets in the trade area. The Ticketed Price of an item may not have resulted in actual sales and may not have been in effect during the past 90 days. For Bosco's own manufactured merchandise and certain special buys, a Ticketed Price may also be a price that Bosco's establishes for a different but comparable item of essentially similar grade, quality and quantity offered by principal retail outlets in the area. Ticketed Prices may change over time, but our goal is to provide you with a useful point of comparison of what you may have paid or expect to pay in a competitive store, so you can be sure you're getting honest prices. At Bosco's, no sale is final unless you are satisfied! Not responsible for photo or typographical errors.
