We are not responsible for printing, typographical or photo representation errors. All advertised products are available in most locations. If an advertised product is out of stock (unless advertised as "limited quantity available" or "limited-time special buys"), every effort will be made to obtain the product; provided the product is still available from the manufacturer. Not all products are available in all stores. Please contact your local Guitar Center for availability. All guitars are sold without cases or gig bags unless otherwise indicated. Although our limited-time events are intended to be limited-time events, our low prices offered during these events may continue in effect after the event. If you are unable to attend a limited-time event, please contact your local Guitar Center for more information. Wireless microphone systems are sold with a license to use the system for a limited time. After the license expires, you will need a license to use the system. Wireless microphone systems without a license are subject to certain restrictions; the system may not cause harmful interference, it must operate at a low power level (not more than 500 milliwatts) and it has to be licensed. Purchases should also be made aware that the FCC is currently evaluating use of wireless microphone systems, and these rules are subject to change. For more information, call the FCC at 1-888-CALL-FCC (TTY: 1-888-TELL-FCC) or visit the FCC's wireless microphone website at www.fcc.gov/cgb/wirelessmicrophones.
