Position Tree Stand**
While Supply Lasts. No. 100525773.

Tree Stand Safety

No hunter should ever use any tree stand without thoroughly inspecting it for defects, missing parts or weaknesses. Be sure all bolts are tightened, and frayed ropes, straps and worn chains are replaced before placing the stand in the tree.

No one should ever attempt to climb a tree stand without proper safety equipment and a safety harness.

Never carry a bow or gun while climbing! Use a haul line as long as needed to reach the ground from the stand.

Tree Stand Safety.
No hunter should ever use any tree stand without thoroughly inspecting it for defects, missing parts or weaknesses. All tree stands are high-tensile, and proper ropes, chains and safety harness are required before placing the stand in the tree.
No one should ever attempt to climb a tree stand without proper safety equipment and a safety harness.
Never carry a bow or gun while climbing! Use a hand line or rope to assist in moving the stand from the ground.
